IT Accessories | Speakers | Tablets | Life Style | Power Products | Cables

#### THE PROFILE:

Cursor Technologies is one of the Major participants in global IT Accessories & Consumer electronics. We proudly present ourselves as one of the fast growing and dynamic OEM manufacturer in this segment.

Cursor carries over 250 SKUs across 20 product categories and continuously working to develop new product lines. The company is in comprehensive product development with innovative product range which would attract the entire market. It is a major participant in Tablet PC's, Laptops, Computer Accessories & Peripherals, Life Style & Multimedia products, Power products, Speakers and Home Theater Systems.

Cursor already has its presence in 32 countries like Middle East, South East Asia, Africa, Europe, CIS Regions and Russia. And now planning to expand more in Infrastructure, strengthening its distribution network and brand building exercises across the globe.

#### THE VISION:

To be globally recognized as one of the best brand.

#### THE MISSION:

Cursor bearing the resemblance of excellent service without compromising the expectation of our customers with full respect and integrity while promoting the higher virtue of living.

#### THE LOGO:

Serves as a global path to modern innovation, empowering its perspective into the world of real technology. Delivering customers quality expectation with Care.
